#### WERC Committee

Yearly Services – We are finishing out budget review and will have the services by the end of June. They will need to be turned in by the end of July. You will see an email come out at the end of June with the application for all the services.

#### Design Committee

Welcome Sign – The new sign is installed! We will be having electricity added to light up at night. The sign can be seen near 131 on/off ramps.  
Speakers – We are hoping to have the speakers installed downtown by mid-July.  
Parking – We know this is a HUGE issue and we hear you. We are working with Wightman to do a parking study which will then help us find places for additional parking around Wayland.

#### Organization Committee

We are working on ramping up our social media to reach more people. We are up to 100k reach right now!

As always, I am here for anything you need!
